Career Objective

I am a dedicated and quick learner with a strong work ethic, seeking a challenging role as a Software Engineer to leverage my diverse skill set and contribute to innovative software solutions. With a Bachelor's degree in Software Engineering from Daffodil International University and valuable experience gained from various responsibility, I am well-equipped to excel in the field of software development.

I am committed to continuous learning and development, staying up-to-date with emerging technologies, and am passionate about delivering high-quality software solutions. My ability to adapt to challenging situations and perform effectively in a fast-paced environment makes me a valuable asset.
